SAFETY AND HEALTH POLICY

We Believe

Nothing is more important to Barrick than the safety, health and well-being of our workers and their families.

All injuries and occupational illnesses are preventable, and there is no job worth doing in an unsafe way. None!

We are a team treating everyone with respect, building trust, listening to understand safety and health issues while supporting each other to work in a safe and healthy manner and in compliance with all applicable rules and regulations.

We are courageous safety leaders who act with a sense of urgency to eliminate or effectively control safety and health hazards.

We Promise

To continuously identify and implement safe and healthy ways to do the job.

To maintain a high degree of emergency preparedness.

To keep safety and health as a value that drives overall performance.

To hold each other accountable for superior safety and health practices and to provide the leadership and resources needed to achieve our vision.

To encourage each other to be champions of safety and health both on and off the job.
